

## 2017 GLOBAL CONFERENCE – BOUNDLESS

### THE FIRST DAY OF A BRAND NEW ERA

#### Sunday AM - Graham Cooke

---

Aglow, welcome to the first day of a brand new era.

It is my responsibility today to keep the mood of awe and celebration, but at the same time to sober us up. We cannot take this Conference any higher than last night, because that would make it a rah-rah thing and that is not what the Lord wants. My job is to broaden and deepen the power of what God released last night to include all of us and all those thousands, and hundreds of thousands, and millions of people who did not have the privilege of being here with us.

Our attitude and approach to promises can hasten or delay their fulfillment.

The difference between the fulfillment of a promise and only a partial release of that promise is literally the quality of your attitude and approach to the word that God has spoken. I believe that these are the days when the Holy Spirit is closing the gap between promise given and fulfillment of that promise. What we thought would take years will take months. What we thought would take months will take weeks. What we thought would take weeks will take days. What we thought would take days will take hours. Until we come to a day when prophecy is spoken in the morning and fulfilled in the afternoon of the very same day.

### CHOSEN BY GOD AS AN END TIME KINGDOM MOVEMENT

We are behind the time of the Kingdom and we are playing catch up. God is speeding up our development and there is a quickening spirit abroad in the earth. God is wandering to and fro looking for a people on whose behalf He can show Himself strong. I believe Aglow is one of those first companies that He has set His eyes and His heart on. That is why we have had this week that we have had.

Prophets train all their life for moments like this. To do something that you know is not going to change a generation *but is going to create a whole new era*. That which you are doing is actually going to be the type of situation where *the Kingdom comes down and begins pressing into us*.

There was a point in Jesus' ministry when He said, "You have all the law and the prophets until now." What He is saying is, "We do not have that anymore in the same way." He said, "Now the Kingdom is here and everyone is pressing into it."

I do believe with all my heart that Aglow is a Kingdom community. It is a Kingdom organization; it is a Kingdom company. **Our role in the earth**, much like Jesus in the Gospels, **is to exemplify the nature and the power and the substance and the promise of the Kingdom of Heaven.**

## END TIME BATTLES

Thankfully we are heading into the mother of all fights. You do not seem too excited about that.

- » We need the Word of the Lord in a way we have never needed it before.
- » We need to use the Word of the Lord in the ways that we have never used it before.
- » We need to pay attention; we need to wake up; we need to understand who we are.
- » We need to understand what God is saying, what He is thinking, what He is planning, what He wants to do, and the urgency in His own heart to do it.

## THE URGENCY OF GOD'S HEART

That is the nicest way I can find in saying that **God is impatient**. There is an urgency in His heart to release things. We are in those days, we are in those times, and we have got to stop messing around with prophecy.

One of the things I adore about Jane is that every single event we do, she is always referencing the prophetic words that God has spoken. In her heart it is like an unspoken plea – “Can we please all come to attention and pay attention to what the Lord has said.” Stop asking Him to say something more when we have not paid attention to what He has already spoken.

I had some leaders phone me up and say, “We want you to come on January 1<sup>st</sup>. We are having a big blowout meeting, and we want you to give us the word of the Lord for this year.” I said, “What was the word of the Lord for last year?” He told me. I said, “Did you do it?” There was this silence. I said, “Just repeat that one because I am not coming. It will be a waste of time to come to a people who only think that prophecy is some weird spiritual form of trending.” I say that in the nicest possible way.

Here is the thing.

- » When prophecy is released, it begins a process that we need to partner with in the Holy Spirit to enable our own development to take place.
- » Prophecy must become as true in our heart as it is in His.
- » Our response to prophetic words is key to conception taking place.

## PROPHECY IS OUR IDENTITY TOLD IN ADVANCE

We treat prophecy only as an event that needs to happen - something that God will do someday, one day, somehow. We do not realize that our response is key to all of this. You have to find yourself in that prophetic word. If there is a gap between where you are right now and how the word is describing you, guess who needs to change?

Prophecy is only fulfilled when we are positioned properly.

It is not time that brings fulfillment to prophecy, it is positioning. When your life and your approach to God, your intentionality and your character rises up to meet the prophetic word on that level, when your attitude gets to that level, something will happen.

I am here to say we can do that sooner than we imagine. As soon as you are ready, it will come. Do not delay it. Do not delay your response. Do not delay your responsibility towards the spirit of prophecy to begin to partner with the Holy Spirit and begin to ask questions in your Lighthouses, in your Areas, in your Regions.

- » What must we do?
- » What must we do to come up to the level where this prophecy can be fulfilled?
- » How fast can we do it? Because we are in those times. We are in those days.

Prophecy is designed to create a life that can attract prophetic fulfillment.

When God speaks a word to you and He calls you up into something, He is looking at you saying, “I am ready. I am ready. I am ready right now. I am ready as fast as you are.”

God does not measure time, He measures growth.

Beloved, some of us have kept Him waiting too long. Prophecy is much more than an event; it is an invitation to become. The reshaping of your identity and destiny is critical to the fulfillment of that work. The Holy Spirit is looking for focused intentionality. He seeks to develop our persona into the character that can attract prophetic release.

## **WE ARE A PRESENT/FUTURE PEOPLE**

In recent years we have been upgrading our relationship with God based on promises and prophecy. Jane has been excellent in keeping this in the forefront of our attention and refocusing the movement on learning to become present-future. We are not present-past anymore. There is nothing back there for us. It is time for us to bring our prophetic words from the background into the foreground and understand that **the antidote to your past is not your present being sorted out, it is your future being determined.**

We become a prophetic people in every sense of the word, living present to future so that there are days when we are going to be saying, "This is that which was spoken." We are living in the unfolding of our prophetic words because there is no more powerful lifestyle than that - to know that what you are doing today was foretold years ago.

The most powerful lifestyle you can live in is one where your prophetic words are unfolding.

I, myself, am living in the unfolding of prophecy. Theresa and I talk about that. We are living in the unfolding of prophecies in our own life. Everything we do is predicated around the prophetic words that we have. I love the fact that God is always previous. We are meeting situations right now that He spoke about five or ten years ago. We bring those prophetic words from the background into the foreground and pay attention because the time of fulfillment is right now.

### **WE ARE PIONEERS NOT SETTLERS**

Listen, there are still too many of our Regions and our Areas that are intent on business as usual. They are present-past focus and problem oriented. For goodness sake, we are delivered from that attitude and that mindset. It is time we caught up. We are a pioneering organization. We are not a bunch of settlers. We are an exploring, pioneering organization and we have territory to take. There is territory in your Area, in your Region, around your Lighthouse that you need to take. And you have prophetic words that give you permission. It is time for our intentionality to match the Lords.

The spoken and the written words of God need to become the catalyst for personal and corporate transformation in this movement.

### **FAVOR AS A LIFESTYLE**

There is a window of opportunity here in the prophetic and it is designed to open us up to the ongoing experience of favor as a lifestyle. It is prophecy that gives us much needed confidence regarding the outcome and the certainty of victory and fulfillment. If you have prophetic words that say you are going to be somebody, it does not matter what is in front of you because you have a prophetic word that can overcome it.

When David faced Goliath, he knew that he could not die because he had a prophecy from Samuel saying, "You are going to be King in Israel one day." Well, he looked at Goliath and said, "I have a word about being King, but I am not King right now so I am the only one that is not dying here. I have a word from the Lord." That is when you realize that prophecy is the best health insurance ever.

I want to read you a scripture that is really important for us to talk about and to think about. It is in 2 Kings 13:14-19. It is a story actually. "Elisha became sick with the illness of which he was to die, Joash, the king of Israel came down to him and wept over him and said, 'My father! My Father! The chariots of Israel and

its horsemen.' Elisha said to him, 'Take a bow and arrow.' So he took a bow and arrows and then Elisha said to the king of Israel, 'Put your hand on the bow.' And he put his hand on it. Elisha laid his hands on the king's hands and he said, 'Open the window towards the east.' And he opened it. Elisha said, 'Shoot!' And he shot.

He said, 'The Lord's arrow of victory, even the arrow of victory over Aram for you will defeat the Arameans at Aphek until you have destroyed them.' Then he said, 'Take the arrows' and he took them. And he said to the king of Israel, 'Strike the ground.' And he struck it three times and stopped. So the man of God was angry with him and said, 'You should have struck five or six times, then you would have struck Aram until you would have destroyed it! But now you shall strike Aram only three times.'"

There are two parts to this story. The first part is pretty negative. It is about the danger of only going half way. The second part is the real story about this situation, and that is what God fully intended. The first part is a story of regret. The worst words you can ever hear from God apart from *depart from me, I never knew you*, the worst words I think in the prophetic you could ever hear from the Lord is, *you should have, then you would have, but now you will only have this*.

## THE BOW REPRESENTS PERMISSION

The key to this word is that **the bow is your prophetic promise, your permission**. You need to be able to draw that bow back as far as possible to its fullest extent, because an arrow will go far if the bow has a certain tensile strength and power. The more you can draw on the bow, the further the arrow can fly. It is the same with prophecy. The more you draw on the prophetic word – study it, meditate it, line up your life in line with it, create alignment – the more power and fulfillment that prophecy can release to us.

Studying, meditating upon, aligning with prophecy releases the power and fulfillment of that word.

## PROPHECY AND PROMISE

Prophecy is the Word of God proceeding now. Therefore, it puts us on high alert. It propels us into a relationship with Jesus as the Living Word. All words, whether written, whether scripture, whether prophetically spoken, they all point to Jesus – who He is and what He wants to do. He is the Word made flesh in us. When we receive that word, it becomes part of us and it forms our identity and a new nature. We must proclaim that new part of our nature in Christ that is being established. We have to get into character with the word.

- » Prophecy and promise create a window of opportunity.
- » Prophetic words and inheritance scriptures form our identity and a new nature for us.

*David became kingly before he was crowned king.* Prepare the way of the Lord. If you get a prophetic word that you are a warrior and currently you are a wimp, you have some growing up to do. You cannot stand around or sit around in your wimpdom. You cannot pray for the day when you will become a warrior.

- » You need to start becoming a warrior the moment that prophecy is given you.
- » You need to start changing the way you see yourself; changing the way you think about yourself; changing the way you talk about yourself. Get rid of that awful negativity. ‘Jesus is wonderful, but I am rubbish.’ That is the biggest load of nonsense ever. If Christ is in you, you cannot be rubbish. That is an insult. We have to grow up to the measure of the fullness of His stature.

## **THE ARROW REPRESENTS VICTORIES IN YOUR GIVEN TERRITORY**

The arrow is about strategic victories in the territory that God is giving you for the future. Your window of opportunity is always open to Jesus first.

### **COME NOW**

When you look through that window, you need to see Him waving and smiling, saying, “Come on.” Because I do believe the Lord is saying to us today, “Come.” I believe the day of waiting is over. We are behind the time of the Kingdom and where it needs to be in the earth. He is saying, “Come.” He is saying, “Now.” He is saying, “Today.” He is saying, “This is the day, do not harden your heart. Stop looking at yourself; look at Me first.”

We have to become like Him so we can inhabit the territory that He is giving us.

Your prophecy, your promises are the vital part of your engagement with the spirit of proclamation. To walk up and down your neighborhood and say, “This is my territory in Jesus’ Name.” To strike the ground with your arrows of promise.

## **PROCLAIMING PROMISES ALOUD MATCH MY INTENTIONS TO HIS**

I often read my prophetic words out in my meditation room. I will read them out loud, then I will stand there and I will say, “Lord, You said... Lord, You said...” until something takes hold of me.

When I do this, I am standing and I am praying in alignment with the heart and the passion of God for me. “What needs to change next? What do I need to pay attention to next? What are You developing in me next?” Because I want to partner with the Word. I do not want to be sitting around drinking coffee, waiting for God to do something when He has already done it. He has given me a prophetic word. He has declared His intent. Now I have to match my intentionality to His.

Our intentionality to partner with our promises must match His intentionality for us to become who those promises say that we are.

That is why I keep files on all my friends, because I know all their prophetic words. I know their identity statement. I read through their prophetic words because they are my friends. When I feel there is a part of a word here that is about to come to pass, I will call up and say, "Let us go for a coffee. I want to talk about it. I think this is becoming a "now" word." When it was spoken, it was as future word, but every future word has to become a now word at some point.

When I am looking and saying, "I think this is a now word, what do you think?" "I think you could be right." "So what are your intentions towards it? What needs to change? What adjustments need to be made? What must change in your thinking? How does your lens take on a whole different viewpoint? What language needs to come out of your mouth in prayer, in declaration, in confession, in proclamation? How are you going to walk now that you have this word? It is crying out for release right now." That is what good friends do for one another, right? That is why Jane is always referencing the prophetic words that have been spoken.

Partnering with promises and prophetic words destroys negatives and weakness, and builds up every low place until it matches the intentionality of God.

What will it take to destroy the negatives and the weakness in your life? I think a prophetic word is a big part of that. The Word of the Lord creates chaos against negativity. It releases your weakness to go somewhere else. You turn prophecy and promise onto your low places to build them up in terms of who God is. You turn prophetic words on your Lighthouse, on the low places in your Area, in your Region, in your finances, in whatever. You turn the prophetic word on the low places first to see them get built up so you are established at a different level. Prophecy is designed to give you elevation.

## **IT IS IMPORTANT**

*It is important* for us in Aglow to make war on passivity, on procrastination, and on negativity. To overwhelm fear and unbelief and victim-thinking. Overwhelm it, rather, with the favor of the Lord.

I like telling the Lord all the things He is good at in my life. That is worship I think. "Lord, these are all the things that You are good at in my life and in my heart. These are all the things You have proven to me. Now show me something else that You want to be good at. Show me another area where You want to prove Yourself to me and where I can prove myself to You."

*It is important* that we get above pressure and stress and all that learned helplessness that the world teaches us - to get above those to let prophecy elevate you so that we are not overwhelmed by the pressure. We are overwhelmed by the process of what God wants to be for us.

I like crying. I am a crier. There are times when I am reading out my prophetic words, and there are times when I am reading out my journals to the Lord. I read my journals out to Him. The things that He has done in my life. He makes me cry just out of gratitude. "Remember this, Lord?" Sometimes He will say, "Talk to me about 1994." In my heart I go back to that place. "Oh, yes, I remember '94. That was the time I was bent over for three months because the weight of Your Presence on me was so great I could not stand up." He said, "Yeah, that was funny, right? I put something into your heart that time, Graham, and it is still

there.” He knows what He is doing. It was a little weird being bent over for three months, but I was okay as long as I could hear Him laughing every day. He thought He was funny.

## **GOD IS NOT ORDINARY**

He is not ordinary so you cannot be either. He does things differently. But we are learning how to live by the permissions of God. We are learning to be fully persuaded about who God is for us.

- » All promises and prophecy contain keys that provoke a new lens, thinking, and language.
- » Lens, mindsets, and language are the building blocks of identity.

This first part in the story (in 2 Kings 13) is the story of regret. All promises and prophecy contain keys that provoke a new lens, new thinking, new language, and we need to use them because those three things – lens, mindset, language – are the building blocks of identity. God shows you who you are.

- » You have to **think** about who you are the way that He is thinking about it.
- » You have to **talk** to yourself the way that He talks to you.
- » You have to **learn** a new language of faith and favor.

*It is important* to think about yourself in Him and to practice that focused approach to who you are in your identity. *It is important* to change how you talk about yourself because those words that you have are designed to shape your identity, to teach you obedience to your own promises, and to step into the place of trust and faith in terms of who He is in you and who you are in Him.

## **WALKING IN DOMINION**

Once you begin to see, think, and speak in line with God, you can take charge of your surroundings, which is really what Aglow is all about.

- » We go into times of chaos and we take charge.
- » We go into situations where the enemy is working, like Ground Zero, and we take charge in that moment.
- » We go into pressurized circumstances because we are the ones not under pressure.

How on earth can you be under pressure when the Prince of Peace lives in you? How on earth can you be stressed when the King of Rest is living on the inside of you? We are the ones that go into places of pressure because we do not have any. So we bring our peace to those places. We bring our rest; we bring order.

What we speak out and what we demonstrate and what we act out is key to the development of the Kingdom on this planet.

You know that. All I am saying is it is time for us to upgrade all of that and go to another completely different level because of our own promises. Take what God has put in your hands and fight using it. “By these words spoken over you, fight the good fight.” That was my baptismal verse, 1 Timothy 1:18. “By these words previously spoken over you fight the good fight.” The irony is that the guy who was baptizing me did not believe in the Holy Spirit or prophecy, but he gave me that verse. I can still hear God chuckling over that one. He knows who He is and He knows who you are.

Favor means that God is absolutely biased towards you.

## HIGHLY FAVORED

It is time for us to trade on that bias and stop standing in difficult circumstances wondering if God will do anything. Trade on the favor. Trade on the bias that God has towards you because all of Heaven is attracted to Jesus in you. Trade on that.

- » Prophecy opens a window of opportunity and you must act within that window of time.
- » Your intention in receiving prophecy must match God’s intention in giving it.

When prophecy comes in power a window of opportunity is opened over your life. Beloved, your intention to receive must match God’s intention to give. He is not reluctant to bless us. He is wholehearted towards us and He is unchanging. *Take responsibility for your blessing.* Nobody else can do that for you – it is your job. *Take responsibility for where you live, for the Lighthouse you are in.*

The king was halfhearted in his response. He did not understand the prophetic significance of the time he was in. The majestic promise - what God is offering him was this is the Lord’s arrow of victory. You can defeat the Arameans until you have destroyed them, total and complete and utter deliverance. God’s intention is not just a victory, but a *complete destruction* of what is against us.

Prophetic words allow you to utterly destroy what has been against you so severely that it never returns.

It is important in the prophetic that you attack what is against you so strongly that it never comes back at you. That is who we are as Aglow. We have permission to get into a place of overcoming where the enemy cannot affect you again in that place and take that victory around the nations. Go to key cities and release something.

- » Being out of alignment with who you are allows opposition to come.
- » Being in alignment with who you are allows blessings to find you.

## MOVE FORWARD, NOW

Here is the other side of that truth – opposition attaches to what you do not remove. If you do not act in alignment with who God is for you, if you do not attach yourself to the prophetic word and say this is mine, this is who I am, this is how I can operate, this is my territory, this is my ground of overcoming, if you are not attaching yourself to the word of the Lord then the enemy will come and attach himself to you.

Opposition attaches to what you do not remove. Blessings attach themselves to what you respond to in obedience. No one wants to hear the awful words *you should have, and you would have, but now you will only have this*. You could have overcome the enemy, but now the enemy is going to come back at you. I wonder how the king felt on the morning of the 4<sup>th</sup> battle. For the rest of his life he would live with regret.

Guys, let me say this to you, do not come crying to God later. Five years from now, what would you wish you had done? When you get a prophetic word, you get a huge “yes” in Heaven over your life. Please do not turn it into a “no”. Do not turn it into a “maybe”. Here is the principle here: *when the opportunity of a lifetime comes, you must make sure you act within the lifetime of the opportunity*.

The other side of the story is different. This is not just about the account of the leader who blew a major opportunity with God. This is the account of the nature of prophetic opportunity itself.

- » Prophecy tells you what is yours, and it is important that you possess your possessions in the prophetic realm.
- » Prophecy tells you what God is releasing to you.
- » Prophecy empowers you to begin the process of change required to enable fulfillment.

And every time you are responding to the prophetic word, something is growing in you in terms of trust and faith. The whole dynamic inside yourself is being transformed away from weakness, away from doubt or fear or unbelief into a place of confidence, into a new reality, into a place of trust and faith and favor. You start to walk in a certainty. You stand with purpose in situations. You are the one person that makes a difference.

## OWN WHO YOU ARE

For years I have known that I can go into any situation and make it bow to the faith and favor that is in me. I know that me walking into a room makes a difference to the people in that room. It is not big-headed to say that, it is just a fact. It is your identity that needs to show up. And you know who you are and you know what you are capable of in Jesus. And you know what He is capable of in you. You trade on that.

There are times when I say to the Lord, “What do You want to do?” And He says, “What do *you* want to do.” I say, “Well, I would like to do this.” And He will say, “Okay, we will do that.” What is that? That is a partnership where He is trusting Jesus in you. There are other times when you trust Jesus for you, and

through you. I like that. I like that God says, “Hey your turn, how about *you* show up and I will be the support act. I will get behind you.” Why? Because He loves development. He does not want to have to be telling us everything. He wants us to be saying, “Lord I am thinking this, what are You thinking?” “Sounds like a good idea to Me, let us do that.”

The plan of God can only unfold through agreement and alignment.

Jane and I were talking on the phone a few months back and she said, “What are you thinking about? What are you reading right now? What are you thinking about?” I said, “I am thinking about alignment. I am thinking about the focus of alignment and I am also thinking about the focus I have if I am not aligned. So I’m thinking about the power of nonalignment and what it sets up against me.” There was just silence on the other end of the phone. She went, “Hum.” That was it. That was it, we went on to talk about something else. Jane was deeply considering my answer.

Being aligned with God creates blessings. NOT being aligned with God brings opposition against who you really are.

That was what I was thinking about because I was thinking that you cannot think about alignment and what it does without also thinking about nonalignment and what that does, what that creates. Alignment and nonalignment, they both create something. You have to know what happens if you do not respond or if you do not obey. You have to be aware of that because when you are aware of it, you make sure everything in your heart is turned to alignment.

Prophecy creates an Ephesians 3:20 moment – “God is able to do exceedingly abundantly beyond all that we can ask or even think according to the power that works within us.” The power within us is Christ in the Holy Spirit. Turn your prophecy over to Them and act in agreement and alignment with how They want to do it. Prophecy tells us what we can do. What we have permission for.

## MOSES

Exodus 7:1 is one of my favorite examples. In Exodus 6:30 Moses is saying to the Lord, “Behold.” The word *behold* there means ‘*see me as I am. Look at me. Do I look like someone who can talk to Pharaoh? Seriously? Behold me, see me as I am, I cannot talk to Pharaoh.*’ And the Lord said to him, “See, I have *made you* as God to Pharaoh and Aaron is going to be your prophet. What do you think about that?” There is Moses saying, “See me as I am,” and the Lord said, “No you see yourself as I am. See, I make you as God to Pharaoh.” He is not inviting Moses to be the fourth member of the Trinity.

What He is saying is, “In this situation you have power to become this,” because God knew that Pharaoh thought that Moses was a deity in human form. So Pharaoh is going to have to have some kind of excuse

why he just got his butt kicked by a shepherd from the wilderness. The only reason he can come up with is, “Well that Moses, he must have been God in human form.” I can just imagine the Lord grinning at Moses saying, “Let us do that. That sounds like fun, let us do that.”

That word dictated the terms of Moses’ relationship and partnership with God in that situation. And God caused his lens to change, his mindset to shift, and a new language to emerge in him. We saw that in Pharaoh’s court in the way Moses conducted himself. We saw it by the Red Sea when he put his rod out and the sea began to pile up on itself. We saw in the wilderness when he struck a rock and water came out. Breakfast flying in every morning. All kinds of things are happening. Why? Because here is a new Moses who is acting in line with God’s permission.

## **JOSHUA AND CALEB**

Joshua and Caleb believed the prophecy through Moses about the Promised Land. They believed that Israel would be delivered from Egypt. That they would come to a new land of promise, that God would give that land to them, that they would have houses they did not build, vineyards they did not plant, and wells they did not dig. That they would receive the wealth of the wicked. As they left Egypt, people were giving them livestock, money, gold, and silver. The whole economy of a nation was given to them before they even got to where they were going.

Joshua and Caleb were steeped in those words so when those guys saw the giants, they saw an opportunity. They realized the giant is designed to show them how big they were going to be when they took them down. “That is the size I am going to be when I take those suckers down. They will be our prey.” Their response to the giant was ‘they are going to be our prey. We will surely overcome. The giants’ protection is removed. God is with us, do not rebel.’ They based that response not on what they saw in the land, but on the prophetic word that came through Moses. *They were concerned that people would rebel against their own promise.*

Prophecy is your currency and it is tied to your identity, not your ministry.

A person who has no faith in their own prophecy, their own promise, or their own permission is a grasshopper in the making. Prophecy is your currency. It is your resource; it is your provision.

God does not resource your ministry. He resources your identity in Jesus. In the New Covenant, that is why we always tie our prophecies to the new man in Christ. That is why we have been doing *GameChangers* and *LifeChangers* – to create a scenario on the inside of you where you understand who you are in the new man, that the old is dead, and the new is here.

You are a new creation in Christ; all the old things have passed away. Everything has become new; you are a brand new person. You are a person who was never seen in the earth before Jesus.

The Old Testament was a time of visitation.  
Now we live in a time of God inhabiting His people.

Everyone in the Old Testament could only have a visitation with God. He could come on them; He could live off them. But in the New Covenant, we are now a habitation of God. We are a dwelling place of God by the Spirit. God lives in us. You are a whole new creation, never seen in the earth before Jesus. Now all prophecy gravitates towards the new man, not the old one. It will be your old nature that stops prophecy being fulfilled. It will be your new man that causes you to receive and respond.

In the New Covenant, we tie the prophetic word to the new man in Christ not the old one that is already dead. The reason God killed your old man is because nobody in Heaven wanted the job of changing it. When you were raised from the dead in Christ, your old man stayed in the grave. I cannot understand churches that are constantly resurrecting the old nature and getting people to repent over it. It is like exhuming a corpse and giving it plastic surgery. It is the dumbest thing ever not to believe in the new man in Christ.

You see, what I do know is that there are plenty of ministries going to the wall right now who have prophetic words over their life but they never learned how to live in them. They cannot afford to be in ministry anymore and they are getting jobs because they never realized that prophecy is currency. They are asking God to bless their ministry and He is looking at them and saying, "I only bless identity because that is more important. Your identity is your ministry." But their identity had not grown to fit the word that they received.

## **A WINDOW OF OPPORTUNITY IS BEFORE US**

There is a window of opportunity facing Aglow. It is the opportunity of a lifetime. This next 50 years will be marked by a new dynamic alignment from the leadership throughout this movement. Jane has been leading this response for years, always referencing the word. I know I have said that three times, but you need to understand her passion for the prophetic. It needs to run through all of us. We need to pay attention to the words specific to Aglow. We all must step into, align with, our prophetic destiny as individuals, as Regions, as Area Teams, as Lighthouses, and the Headquarters.

We must develop a passion for our prophetic words individually and corporately.

You are always tested by your passion for the calling, the fight, and the mission. We are being tested by the prophecies we have and the test is, "Can Aglow come into alignment and agreement?"

In Genesis 37, Joseph has this prophetic dream that he would be ruling over his brothers and they would be bowing down to him. Psalm 105:16-24 describes the process he went through to see that word fulfilled. The key verse is verse 19, He says, "Until the time that his word came to pass, the Word of the Lord tested

him.” We are being tested by the prophecies that God has given us. Do we really believe them? We have words about resources. We have words about wealth. We are being tested by those words. What is our response to the Lord?

Our response to prophetic words cannot be to pray for them to come to pass. We must proclaim that we are already what the Lord has declared to us and cause acceleration.

Our response to the Lord cannot be to pray, because when you get a prophetic word, it is the end of prayer, it is the beginning of proclamation. You intercede until you get a prophetic word, and then when you have one, you change your language and your focus.

I do not pray about any of my prophecies, I proclaim them. I read them out. I do not pray about any of the key scriptures that God has given me. Sometimes the Lord comes and says, Graham, read Psalm 91. I have to read it out loud because apparently He likes my accent. I read it out and I can hear Him going, “Ahhh, oh yeah, I love that part. Oh, yeah, you are in that right now. That is cool. You have this to come.” When I finish, He says, “Go on then” and I do my little thing – Lord, You said... Lord, You said... Lord, You said... Lord, You said... And I can picture Him standing there with His hands open, big smile on His face, and going, “I did, I totally did. I really did. I am so glad I did. Oh, yeah, I definitely said that. I definitely said... I really meant that. I would love to see that.”

### **PROCLAIMING PROPHETIC WORDS RELEASE CONFIDENCE AND ENERGY**

I can see Him responding to me when I read His prophetic word back to Him. “Oh, yeah. Oh, yeah, I get that. I totally meant that.” And then suddenly in those interactions apart from just the pressure of His passion and His warmth and His beauty and His love for me, which I am basking in, there is that sense of certainty. Oh, yeah. And there is a new energy. Then quite often He will say, “Okay, now, make some coffee and let us talk about it.” That is when I usually think strategically about what I need to do next. What event do I need to do next? What teaching do I need to release next? All the prophetic teaching on my site has all come out of my own life and my own relationship with the Lord, and my own promises. Anything in those words that strike you, you can totally have it. It is totally yours. I hope you take me for everything you can get.

### **A TIME OF PROPHETIC WORDS BEING TESTED**

Joseph’s word was fulfilled in Genesis 42. Every leader in Aglow is being tested by the prophetic words that we have already received and we are all going to be tested by the words from this weekend.

Prophetic words come with tests that are designed to elevate, upgrade, and prepare us to rise up and occupy the space God has for us.

The test is designed to elevate you. It is designed to upgrade you. It is designed to prepare you. God is not looking and saying, “Who is going to believe this or not, let us give them a test.” The test is not about that. The test is how fast can you rise up and occupy the space that God has set aside for you when He released that word to you.

Leaders who align with prophetic words receive a quickening spirit to propel you in development.

I do believe this – grasshoppers cannot inherit. Leaders who are not in alignment with destiny, who just want business as usual, will not stand the heat of accelerated development. When you say “yes” to a word, then God says “yes” to you in terms of giving you a quickening spirit so you can catch up, giving you an accelerated development so you can learn faster, and putting you in a place where you can begin to proclaim to the Lord, “This is who You are for me, this is who I am, this is what I have.”

### **PROCLAIM YOUR PROPHECIES OUT LOUD**

I like bringing prophetic words to prayer meetings because then it turns into a proclamation meeting. You do not need to pray about your prophecies, you need to proclaim their reality. I like proclamation meetings. I think we should have more of them.

Tests designed around our prophetic words will transform us so that we can handle the power and the prestige associated with them.

Make no mistake, though, Beloved, the test is designed to make us into the people who can bear the rate of fulfillment. Joseph was arrogant and prideful when he received that prophetic dream. He was humble, wise, and responsible when it was fulfilled. He could bear the power and the prestige of that rule.

The stakes we are playing for are huge. They are global. They are powerful and we must develop leaders and key people who can live on a high place in the Kingdom. We have to pass the test of agreement, alignment, and corporate change.

### **STUDY AGLOW’S PROPHECIC WORDS**

Study those words.

- » What belongs to us?
- » What are we called to do?
- » What is the current discrepancy in identity between present and future?
- » Reframe the elements of change necessary for us to match the word that God has given us.
- » Upgrade your lens and your mindset and your language. It is being upgraded constantly.
- » Pray and position yourself according to promises, not circumstances.
- » Step into the flow of release and move out into deeper places.

## **PIONEERS VS. SETTLERS**

Aglow was birthed by pioneers who took new territory. Many of us in Aglow have become settlers on the territories that we have won.

A settler is not programmed to take territory that still needs claiming. We need more explorers and pioneers, warriors and champions and *GameChangers* being raised up in our midst.

Who wants to explore? Who wants to pioneer? Who wants to become a warrior? Who wants to be a champion? Who wants to be a *GameChanger*? Pick at least one of those. If you are English or are from Texas, you will be picking three of four.

## **KEEP PROPHECY ALIVE**

Regions and Areas must follow Jane's lead and keep prophecy alive. Make decisions in line with a future that is already been decided. In Regions and Lighthouses we must upgrade our focus.

You can always tell people who will not see prophecy fulfilled.

- » They are the ones who are still fearful.
- » They are ones who are always backing down in situations.
- » They are the ones who are crying out for rescue instead of striking the ground.

The first thing Jane said to us in our IBOD meeting on Tuesday was, "We are living in a culminating moment." We are living in a culminating moment. What is that? There are many things coming together in one place and the seas are boiling all around us right now. We have an unprecedented opportunity to overcome and create a new momentum.

Aglow has a window of opportunity to overcome and create a new momentum in becoming a disciplined army that takes territory.

## **AGLOW IS AN APOSTOLIC PROPHETIC MOVEMENT**

There is a window of opportunity. For Israel in the wilderness, it was the opportunity to stop being a rebel of slaves and become a disciplined army that could take territory. For Aglow, this is where we stop being a para-church organization and become an apostolic prophetic movement that sweeps all before them.

Aglow is handpicked by God to prepare the world for the return of the King.

Listen to me now – at stake here, at risk here, is Aglow's future and our destiny in the earth. "*You should have, and you would have.*" We do not want to hear those words.

- » We are handpicked by God to prepare the world for the return of the King.
- » We are a people of intercession who have now become the architects of proclamation. We decree in line with a Higher authority and in alignment with our prophetic destiny as a matter of course

because it would not occur to us in these coming days to do anything different or to do anything less.

## **PAY ATTENTION AGLOW**

- » Pay attention to what happened these last few minutes. To Barbara, to Chuck, to Dutch and what they released – awesome, incredible.
- » Pay attention, Aglow, your mandates just got a serious upgrade.
- » Pay attention to your mantle from God as a company of people. This is a new upgraded Pentecost for the end times coming to a people who are mature in the Spirit who can become leaders of a whole new movement.

Aglow is rising up in the power of the new man. We are living in the reality of being *LifeChangers* and *GameChangers*. Only Christ in you can accomplish this.

There is a new generation of Aglow rising. I love seeing all those young people coming out and talking to us. We are a mix of older generations of Joshuas and Calebs guiding and building a younger generation who will inherit the absolute fullness of what God has released. Young people who can reach into the future and bring it into the present. I love the guy at the end of today's Generations presentation who said, "I am 25. When I am 75 I want to be celebrating 100 years of Aglow." You want to throw your mantle around people like that. **People in alignment will surpass those who are out of focus.**

## **THE GLASS CEILING**

I want to say this, too. The glass ceiling in the church just got smashed. The glass ceiling in the church just got smashed to pieces. That demands a lens change, a mindset shift, a new language. The old wine skin of Aglow is inflexible. The great wisdom from yesterday must give way to expectations fueled by dreams, visions, and prophecies that will change the planet. If we cannot respond to this, it means we are going to become an out-of-date people saying out-of-date things. Pretty much like half of the Evangelical church right now. An out-of-date people saying out-of-date things, not understanding that **destiny is always progressing.**

Great wisdom of yesterday must give way to expectations fueled by dreams, visions, and prophecies that will change the planet.

## **JANE, KEEPER OF THE PROPHETIC KEYS**

I think this is the biggest, most key moment in Aglow history. It is important for us to bring all our prophetic words from the background to the foreground and begin looking at the keys that God is giving us. I have always felt that my title for Jane would be "Keeper of the Keys."

All our prophetic words must come from the background to the front to look at the keys God has given us.

## PROPHETIC WORD

On Saturday morning before the meeting, God gave me a picture of you, Jane, and you were dressed like a queen with a crown on your head and a scepter in your hand.

I saw you standing in front of a huge door and you took this end of the scepter and banged on the door and it swung open. You expected it to swing open.

When you crossed the threshold, there are all kinds of boxes, cases, and crates full of gifts. And a Voice said, "They are all yours, open them."

When you began to open them, there were words from the 1960s, other words from the 70s, other key words. They were all prophetic words and promises. You began to discover each of them and you realized some of them were in treasure chests because they were so important. These are all the words and dreams and visions that have been in your heart and in this ministry for years because **you are the keeper of prophetic keys. That is who you are to God. That is why He trusts you so much because you are unwilling to let His Word fall to the ground.**

The Lord is saying, "I have granted you all these blessings and resources and now it is time for you to take Me for granted." This is the end. It like the *end of intercession about the future* has come. *A new day of proclamation about the future is before us.*

Now where we would have written crafted prayers, **now we write crafted proclamations and we proclaim them every time some situation crops up.** We do not pray about it, we proclaim over it. We speak to it in the Name of Jesus and we bring that sense of the alive word into that situation.

The Lord is saying, "The time is now, the day is here, no more waiting for timing to be fulfilled. It is time. No more waiting for time to be fulfilled, it is time." Take God for granted. Step into all that He has spoken. Expect resources to come. Expect resources to follow your proclamation. Properties, finance, people will flow towards you.

Your hunger for God's Presence is a deeply personal thing. It is something you have been crying out for a long time, but you want to come into a whole new place of relationship with God personally. The Lord says, "I grant you that. I grant you encounters."

You have had dreams about encounters and the Lord says, "Every one of those dreams, and knowing you, you can remember every one of them, every one of those dreams will happen just as you saw it. Just as you saw it."

Your hunger for encounters with God is matched by His desire for His encounter for you. This is a whole day in your relationship with the Lord. Your hunger for God's Presence will open up new and magnificent encounters with Him. That is why this scepter is so important – God is giving you a seal of something in the Kingdom.

Jane, you will go from strength to strength in your physical body, in your spirit, in your mind, your eyes, your lens, your language, and the way you speak. You will go from strength to strength. And the Lord says, "Places that were closed will open and restoration will occur all around your life and ministry."

I see hundreds of thousands of new people. Young people rising up as key leaders and ministries. The Lord has said, "There is one prayer I would like you to keep praying. Lord, give me this day my (whatever you

said... Lord, You said... Lord, You said... Lord, You said... Lord, You said... Lord, You said... Lord, You said... Lord, You said... Lord, You said... Lord, You said... Lord, You said...

Our response to the word is – “Lord, we believe. We believe. We believe, Lord. We believe it shall be even as it was said. We believe it shall be even as You said, even as You determined. We believe that this is the first day in a brand new era and we have crossed a line, we have crossed threshold, we have crossed a Jordan. Now we are taking territory. And now we are going to fight, waging war with prophetic swords and the sound of “Lord, You said...” will be heard all through the nations. Aglow people coming together in chaos, in times of trouble and difficulty, times of famine and poverty, and saying, Lord, You said... Lord, You said... And we will see miracles. We will see water coming out of a rock, or the equivalent thereof. We will see food being delivered. First food delivery service in the history of the world, in the desert with Israel. We will see extraordinary miracles because all of Heaven is attracted to Jesus in us. May it be so Lord because Jesus deserves it. He deserves a people like this, so we ask it in Jesus’ name.” Amen.

## **JANE HANSEN HOYT**

When Graham referenced a conversation a month or so ago and said my response was *hummm*. That is not an unbelieving or questioning *hummm*. Do you ever just feel so overcome with the Lord? You have no words. This is a *hummm* moment.

Last night when Tony and I went back to the room we sat on the bed and prayed and talked and prayed and entered into all that God was doing and saying. Yet you know it can get so big you cannot even really comprehend it. But you can say “yes” and you can step in. You begin the journey and this day, this Conference, we have begun a new journey into a new future.

I want to use the end of this scepter (I am not used to carrying around a scepter), but I am going to use the end of this today to prophetically break, break, break any barrier over your life personally, over your lives as leaders, over this ministry. Words of death that have been spoken, we step into the life that has been pronounced over us this weekend. A future word. We are not living in the past, but we are moving from the present into our future. So step into it today. We speak it over the whole of Aglow those far and wide, it will be felt. Every eye will see, every one will come into the understanding as we go forth as new people.

## **THE BENT-OVER WOMAN**

I have thought of the bent-over woman before coming to this Conference. She could in no way raise herself up. There was nothing she could do for herself. But Jesus took note of her and He beckoned her to Him and He began to speak words of life over her that lifted her up, caused her to arise and walk forward straight. That is what has happened in the life of Aglow and in the lives of women and men all over the world. This Conference has caused us to straighten further and to arise higher.

When Graham referenced today, and I think I even spoke it myself in one of our gatherings, there is a hunger in my heart. I have walked with God for years. I hunger after Him. I hunger after His Word. But there is a fresh and a deeper hunger in me and it is said that you cannot lead people higher than you have been yourself. I am telling you, get ready for a ride because this girl is going after God for all that He has, for all that He is. We are going higher and deeper than we have ever gone before. Give a shout!

Graham, I thank you for the word you have spoken over the Aglow ministry today and the words that you...the life that you have poured into us. First time he was with us – 2004 – and he has walked with us all of these years. He has poured his strength, his life...he has poured God into us. Please acknowledge [applause, shofars, roars].

I just stand here thinking of ... I just feel like, wow, I struck it rich. I have Dan Hammer as my pastor, I have Graham as my friend, Barbara as my friend. I count Chuck and Dutch as friends. I do not talk with them very often. Think of what God has added to our ministry because His hand is upon us. I believe His hand is upon us because of your faithfulness, your continued prayers, your standing together and hungering with me for all God has for us. Amen?

Here is the closing scripture: “Now unto Him, who is able to keep you from stumbling – or losing your way or being in confusion or living in the past or – no, He is able to present you faultless before the Presence of His Glory with exceeding joy, to God our Savior, who alone is wise, be Glory and Majesty, Dominion and Power both now and forever more.”
