

2018 U.S. NATIONAL CONFERENCE

CHUCK PIERCE

Saturday AM Session

There is no group of people I would rather be with. It is such an honor to be here with you. We flew in from Germany last night. What God is doing in Europe is amazing and of course, you have always been a part of that. We were in Poland, Belfast, London, and Germany and it was an amazing time to see what the Spirit of God is doing.

I feel like the Lord has shared some things with me for you. I want to stay very focused in giving that. Then I want to encourage you. While that crazy offering was going on, I heard the Lord. Let's thank God for the offering. I loved it. I mean you have to always watch when the Lord opens up the portal to come down and speak to you. Sometimes it is in worship, but today it was in the offering. And I felt Him start giving me a prophetic word and then when we were discussing Vietnam it continued, and Dutch bent over and said something, and it was clear what the Lord is saying to Aglow International. Let's thank God for Aglow International.

TIME TO BREAK OUT OF CONVENTIONAL WAYS OF THINKING

Now I like when Nancy was up here because she started sharing about the harvest. This is a time to break out of conventional ways of thinking. We cannot think the way we have thought in the past. There is something going on with all of us that is shifting the way we think.

 **Key:** A new way of thinking must come every 7 years.

Every 7 years you need to have a new mind. Tell somebody next to you, *I know that was for you*. That is really how it works with a new wineskin. All of a sudden you are shifting into new thought processes and in it we have to make this harvest shift.

Now many of you know my life has always been revolved around the way God wrote this book to us, both from a covenantal standpoint and from a timing standpoint. Now let's say out loud, "It is the right time." I mean the minute I saw what this is called here, I said *this is it*. This is what God is saying, it is the right time and when He wrote this book, He made covenant with man through Abraham, Abram the Hebrew.

Now Dutch teaches the best I know upon that word in Hebrew about how it means to cross over, and in it He gave Abram this command and this promise. And then, when it was time to release Torah, He released it around 3 harvest times: Passover, Pentecost, and Feast of Tabernacles, Rosh Hashanah and the Feast of Trumpet that goes with Tabernacles. Then every month He wrote about First Fruits, Rosh Kadesh. In that, He was sharing how if we would move from harvest to harvest to harvest always, we would have a harvest mentality. We would not lose that harvest mentality and we would constantly be building the storehouse for the future.

 **Key:** Aglow is building a storehouse for the future.

Now I want us to say out loud what our offering said today, Aglow International is building a storehouse for the future.

Last year, after Christmas, I was up seeking the Lord for one of the gatherings we have called to start the year off right and I fell asleep in the room that I seek the Lord in at home. When I awakened from a dream I was having, standing in the room was an angelic host. Now that has only happened to me two times like that, where it was a visible host and one time the host was from hell. This was an incredible moment, and the room was filled with the Glory of God.

I had to make sure I was awake, and once I was sure I was awake, I went and stood next to this angel who was staring out into the future. As I stood next to him the Glory of God was strong enough that I could see what he was seeing. He was seeing the world. It looked as if it was flat and because I travel the world and I know the world, I know pretty much geographically what the world looks like and where things are. I could see things begin to happen. What would happen is, out of darkness in certain places of the world these shoots of wheat would arise, and they looked like gold glory, vibrant, fiery wheat stalks, but the top of them were like diamonds. They were incredible. I could see what was going on around the world in harvest.

It would surprise you where harvest is going to occur.

HARVEST FIELDS AROUND THE WORLD

One of the greatest harvest fields was *Vietnam*. Let's thank God for Aglow penetrating that field. One of the greatest harvest fields was between *Iraq and Iran* and it was huge as it came up. I can tell you where the harvest fields were in America and I continue to do that as we travel.

Dutch and I went to 22 cities this year. We saw many of you this past year because it was key, and we ended up in the 22nd city in Washington, D.C. in February on the 22nd, and harvest is not coming *down*, it is coming *up* from the earth realm. That means iniquities in the earth are beginning to break because of the places we have cried out and we have prayed. Now that for which we have cried out for, God is beginning to shift the land.

What this showed me was that prayers had happened in such a way that this angelic host could make their way down into the earth realm where we are. Look at somebody and say there has been some breakthrough.

I finally had enough courage to ask this angel what his name was and he said, "I am the angel of war over God's covenant harvest plan. I have come to give instructions for you for the next 2 years."

Now I am not here to share all those instructions. I have written them and sent them out a couple of times but we are all in the process of it. Look at somebody and say, "It is the process that can be difficult." But now within those 2 years, we are 10 months in, so there is some accelerated dynamic that is going on with us. So in the midst of it we are being trained for harvest. Everybody say, "New training for the harvest ahead."

A NEW DAY IS BREAKING

It is important that you get that. It does not matter how old or young you are. We are in training for the harvest ahead because it is brewing. It is moving in the earth realm, and so, this becomes very important. In the atmosphere, a new day is breaking. Everybody say, "A new day is breaking."

 **Key:** We are moving into a season of Kingdom demonstration.

We are not moving in the same season of church development that we have been in, but it is a season of Kingdom demonstration. That is why we keep hearing words about keys because you unlock the Kingdom. You build the church. This next year will be an unlocking year.

I love how the word came forth that *you will be unlocked*. It is exciting that we are being unlocked in new ways.

 **Key:** The church is something that was built. The Kingdom is unlocked.

What is happening with women, and in this particular ministry, and is changing worldwide is that women are shifting into their apostolic role for the future. Now I am going to say that again, women are shifting into their apostolic role for the future. This is a major shift that is going on.

 **Key:** Women are shifting into their apostolic role for the future.

APOSTOLIC WOMAN

Linda Heidler and I wrote a book, *Apostolic Woman*. Two words that stir up the Body of Christ are *apostolic* and the other is *woman*. I am used to staying in a mess all the time, so I decided to put both words as the title.

The apostolic woman has now arrived in the earth realm again. I say, again, because it is a movement. It is a movement and this book is amazing. This book needs to be understood because *this year is about women coming forth*. If you do not understand the right time, you are going to miss the move that God is doing. This book is not only for women, it is also for men who are trying to understand and champion women.

As I look at these men here - Graham, Dutch, and Lance - it is such an honor to be with them. When you really look at Genesis 1, man in some way allowed woman's Glory to be removed from her. It was not the woman who ran out and ate something she was not supposed to eat. Man knew the will of God. He knew the animals of the garden. He named all the animals. He knew how that animal spoke because he named that animal. In some way, man backed off for a time, the woman made a mistake and in it, the Glory was removed.

 **Key:** God is looking for men who desire to see women once again covered by the Glory of God.

What God has been looking for since that time is men who will say, "We have one desire and that is to see woman put her Glory back on."

Now hear what I am saying to you. Somebody said, "Why in the world have you been so devoted to Aglow?" I said, "Well, first of all, why not?" And second of all, I said, "Let me just describe Aglow International to you. They are delightful, warring women who transcend generations. You want to see

how this ministry has affected the earth realm?" Look at somebody and say, "After today, we have not seen anything yet!"

So there is a great move of God that is being led by women and that move of God has begun. It is no longer coming. It is here. It needs to be announced. It needs to be championed. And so in the midst of it, that move is here and it is a move.

 **Key:** A major shift has taken place in Aglow, reframing us from prayer warriors to *apostolic prophetic watchmen*.

A NEW IDENTITY: APOSTOLIC PROPHETIC WATCHMEN

As I started listening to the report on the prayer journey to Vietnam, I was listening in the Spirit, hearing what is really being said. **It a move of God that has moved women from prayer warriors to apostolic prophetic watchmen.** That move of God now is going to be led by a ministry like this. It is a major shift. It is an identity. It is an identity expression that we have not seen in the past.

TESTED FOR OUR FUTURE

This last year we have all been tested at the gate for our future. How many of you feel like you have gone through some testing? Those who did not raise their hands, you are laying hands on all the rest of us.

 **Key:** Testing produces enlargement and your boundaries have to enlarge once you endure the test and things you have never seen fulfilled start being fulfilled.

 **Key:** A place of captivity is being broken in this season.

It is what Psalm 66 is about. Not only do your boundaries enlarge, but things that you have never see fulfilled start being fulfilled. There is a captivity that is being broken over the next season and this is key for us.

I was in prayer about 3 months ago and the Lord said, "Encourage My people that they are breaking through." Tell somebody, "You are breaking through." "You are breaking through, but you are not pulling down." He said, "You are coming in here. You are breaking through. You are getting a new understanding of My will, but you are not pulling it down so that it manifests in the earth." The year ahead is about pulling down.

Here is what I am talking about. Elijah was a prophet, a Shamar prophet, and he prophesied that it would not rain for three and a half years. Later, he knew it was the right time where he had to pull down the rain. It took him 7 intense intercessory birthings to pull out of Heaven that word.

WORD FOR 2019

That is really what the word looks like for the next year.

It is an intense travailing, birthing. Men, you are going to say, "Is it a strange thing that I am in labor?" Now men, you are here because it is time. The Bible says there is a time when men like women began to bring to birth. Jeremiah 30:6

 **Key:** This is a year to pull down things that have been delayed or postponed – things that have never fully manifested that should.

We are heading into a year of pulling down things that have been delayed and postponed. We are pulling down things that have never fully manifested that should manifest.

That is causing the word that God began to speak to me during the worship time to just stir strong and I am trying to keep from prophesying it until it is totally full inside of me. I love what came forth on the symphonies over here, how we have to make a choice.

 **Key:** Choice plays a huge role for us this year.

This morning the Lord woke me at 4am. He said, “The issue for all of us here and this ministry is an issue of choosing.”

As He led me, He began to show me the whole message today is about you choosing and making choices. Choose you this day. That becomes really important to understand. That is what I felt the unlocking key was about in us. Your will has to be unlocked to make a choice.

 **Key:** Your will has to come into a new alignment to make a choice. We have to be visited in a way by the Spirit that once we know the will of God, we choose the will of God.

It is different in just knowing what God wants.

INTELLECTUAL RESPONSE TO GOD VS. SPIRIT RESPONSE TO GOD

It is why we do not see a lot of repentance come into its fullness because you can repent intellectually because you know you are supposed to. You know you are supposed to forgive, but repentance has to go one layer deeper into your emotions, where you actually repent for holding the emotional feeling you have that is captivating you and keeping you from enlarging. And then, it has to finally hit your will where you choose your future. Say, “Today we are choosing our future here.”

God has this order and to get into this part about choosing, He took me to Isaiah 32 and just overwhelmed me with it. It is time to see the restoration start accelerating in Israel. It is time for us to see restoration start accelerating in our family and in this nation.

Then the Lord says I am bringing a reign of righteousness in. (Isaiah 32:1) am bringing a reign of righteousness in but for this reign of righteousness to take rule - now this is a word to American for next week - for this reign of righteousness to take rule there has to be a removal of complacency. Then He starts listing the consequences of complacency. (Isaiah 32:9-14)

A NEW CALL TO WOMEN TO BREAK OFF COMPLACENCY

Then He says, “Rise up, you women.” I love this because He addresses this to women, “Rise up you women. You are about to beat on your breast and chest until you break complacency off of nations, off of territories, off of cities.” So there is a new call to women that is causing them to rise up out of complacency.

 **Key:** Complacency is where you start enjoying where you are and not listening for the change ahead.

🔑 **Key:** Familiarity breeds complacency that dulls discernment.

🔑 **Key:** Complacency causes you to miss the change that is in the atmosphere.

Complacency is where you get so familiar with your surroundings that when the Messiah came in to Nazareth, they knew who He was as a carpenter and as a teacher, but they could not recognize Him as Messiah. That is what complacency does. You lose sight of the change that is in the atmosphere. You lose sight of the right time.

That is why I believe this conference is called the Right Time. This is the right time that we are about to come up and out and see a reign of righteousness. God is calling women into the front lines and so this becomes important. And, we have to choose God's order.

🔑 **Key:** Women are called to the front lines and we must make the choice to choose God's order. It must be a deliberate choice, not a mental agreement.

You cannot just say, "Yeah, I agree with God's order." You have to make choices where you are demonstrating God's order. You have to make choices where you are demonstrating God's covenant and His order. He has an order for triumph.

Yeshua said, "First the Kingdom." He did not say, "First the church."

AGLOW IS A KINGDOM MINISTRY

You see Aglow, here is another reason I have always been totally devoted to this incredible ministry because it is a Kingdom ministry. That is why I love to hear the shifts that Aglow is making. It is a Kingdom ministry. It is not a church ministry.

Aglow transcends the walls of the building and causes us to see a Kingdom we have not seen.

- » Kingdom has a culture.
- » Kingdom has a people.
- » Kingdom has a voice and a language.

🔑 **Key:** This is the year we make a break with the things of the world and live life from Heaven on earth.

I am not ashamed that I speak the Kingdom language. I am not ashamed that I do not live here in the earth realm. I do not live down here. I am sure Dutch would attest to that. My wife would attest to that. I do not live down here. I have to walk down here, but I am in the Kingdom of Heaven. I am in the Kingdom of God. I am seeing from the Kingdom of God. And it is important that we start moving in that this year. That is not just for me. Look at somebody and say, "Oh my! He is saying I am going to be that strange."

ISRAEL GOD'S FIRST NATION

Then you have to know first Israel. If you do not get Israel in place right, you do not get anything in place right because nationalism will take you over and a nation will disappoint you. God gave Israel as His first nation. Then, in giving Israel as His first nation, He gave Israel Torah. The only way we could get Torah is to go back to the one He gave it to. Now that is how simple that is.

Now America did not write the Bible. Now hear me, Germany translated it and it had great help, but they did not write it. You know you would be surprised who all in Germany thinks they wrote it. America, too.

For us to realign fully, we have to see first Israel. And Judah has to go first. Judah went first today. Judah is not just the praise team, but the apostolic, prophetic team who knows how to use sound to overthrow the enemy. Judah must go first. And then He said first apostles.

This is why this women shifting movement is so important. I know of no one that represents this better than Jane Hansen Hoyt. I mean she is the epitome. When I wrote in her book, I said *you are, there is nothing else to say, you are this.*

A NEW DAY FOR AGLOW

And yet, we are coming into a new day for this movement. In this day we must redeem time for days are evil. And it is my wife's favorite scripture that we can be used by God because He has already bought back time. He is not in time to display the right time in the earth realm.

You need to write a book on the right time. I have lots of books back there on time. All of Dutch's books are built around time because it is the key to understanding your right time - how you can move victoriously. You have to learn how to step into crisis, not let crisis overtake you. You have to step into them. I mean nobody likes to do it, but you have to learn how to do it.

🔑 Key: In this day, we must redeem time for the days are evil.

🔑 Key: This is the day to learn to step into crisis while not allowing the crisis to overtake you.

I talked to my wife of 46 years last night. It is hard for me to believe that we have been married that long and she is that old. It is amazing. She is beautiful.

STEPPING INTO THE CRISIS

She sent me a picture of her out in one of the gardens on our property. It is a meditation garden and it has a big pool in it and she was out there with waders on. I said, "What have you been doing?" And she said, "What have you been doing?" I said, "I have been travelling all over the world ministering. What have you been doing?" She said. "Well, let me just go over it with you. First of all, I had to clean out the meditation pool because all those guys you have working for me, none of them would get in the pool because they saw a snake."

Now women, I am describing what you look like for the future. So she put on the waders up to here, got in the pool, and started cleaning out with the machete, and not worrying about the snake. She has tried to teach those guys that certain snakes are not evil. You have to have discernment to kill the evil snakes and to let the rat snakes live because they will run the rats out of your territory. So she said that was one thing that she had been doing.

Then the next picture she sent me she had a tree. We have had lots of storms in Texas and this picture was of one of the giant oak trees in our backyard. She was having it taken down and she was up on the roof. Now this is an apostolic woman.

Next, she sent me a picture of all the front portion of our dining room and living room. All the hardwood floor was being ripped up because the ice maker defrosted and flooded the floor. She had moved all the furniture and was replacing the floor.

Then next picture was the big one. It was the last picture of our dog, Maggie. I walked by this dog 16 years ago and I asked what her name was. They told me her name and the Lord said, "Her name is Maggie. She is yours." We had her before we started having all these 14 grandkids we have. And she was aging and I knew she was going to be going on and Pam said, "How are you going to deal with it?" And I said, "Very easily. I am going to go to the other side of the world. You are going to deal with it." She said, "This is the story of my life."

You see what I mean? Women you have the ability to go beyond. You have the ability to step into every crisis and you are the only one. The Lord says, "Not only are you going to step into crisis, but you are going to put your foot on the head of the enemy." (Genesis 3:15)

 **Key:** God has equipped women with the ability to step into crisis and put their foot on the head of the enemy.

THE FOUR DIMENSIONS OF TIME

So here is what time looks like.

Time has 4 dimensions. So, if you are stepping into the right time, you are stepping into all of these dimensions of time.

Present time. See, God is not in time. He can go back 10 generations in your bloodline and blessings that never manifested, He can bring them right in front of you and have you step into them. Curses that have always taken out – blocked - the blessings, because you are seeking God, He can set them right in front of you. All of sudden you have put your foot on the curse and that action unlocks it for your whole family bloodline.

There is a **fulfillment of time**, where all of a sudden things you have been watching for things to be fulfilled.

Then there is a **future time**. Prophets have to prophesy the future.

Then there is an **eternal time**. We walk with eternity in our hearts. We are walking through time in the earth realm with eternity in our hearts that breaks the power of sorrow.

Now with that, let me show you what this time looks like, and let me apply it to Aglow International. Because this year, I tried to design a pictorial for us to look at.

This year is about the structure that we are aligned with - the structure we have been a part of. That structure - what you have been going on the last 8 years - all of a sudden God starts pressing out the wine of that structure.

 **Key:** This year I am here to announce a great pressing out of the new wine has come to Aglow International.

And notice the new wine starts running from the structure and it goes into new harvest fields, not the last fields we have taken, but new harvest fields.

Here is what the symbol of the year looks like. It is the Hebrew 5779. We have been in the season of 70. That is what is in the middle there. 70 means breaking captivity that has held you and coming into who you are for the future. It means God is watching how you come into your future. This whole decade is about that, but notice that this is the first time in this decade we have surrounded the decade with the year. It is called Tet - 9 and it has 3 distinct meanings.

THREE DISTINCT MEANINGS FOR TET, THE NUMBER 9

The first meaning is a womb. This is the year of birthing. It is the year of carrying and birthing.

God fell on my kids in Israel in December and in January she got pregnant. They are older and they were not expecting another baby. She had the baby on Rosh Hashanah, only God can do that. That was after they had rented a facility to have a Hanukah party and to renew their wedding vows. After being in Israel 8 years, you need to renew your love because it is not the easiest place to live. They have lived through 2 wars. And they renewed their vows. That was, also, the place President Trump chose to move the embassy.

All of sudden God says, "I have birthed the new." The new is already birthed. It is how we move in it. It is how we begin to grow it. It is how we nurture it now.

The second meaning is about giving in a way that you cause the maturing of what is being birthed now.

It also looks like a snake which represents a serpent waiting to try to stop what you are being and bringing forth this year.

Pam had no problem jumping in the pool with the serpent. She had a machete. If it was a moccasin, she would kill it. If it was a water snake, she would get it out and let it go.

We are going to be dealing with great issues this year that is going to cause us to discern. We are going to be moving in dimensions we have never moved in. The Spirit must begin to activate the gifts within us again in an incredible accelerated way.

It does not matter that you have spoken in tongues before, you are going to speak again. It does not matter if you have had word of knowledge. You are about to have an influx of word of knowledge. We are coming into that dimension of movement.

The third meaning of the word Tet is goodness. God is good. Somebody say, "All the time." But it is really not just about how good God is, it is about something else. And I am afraid this is where the body of Christ does not understand goodness.

Goodness is linked with choice. That was an incredible word that came forth, it is the word for the year. Goodness is linked with choice. **How you choose what He gives you is how He unlocks the path for your future.**

 **Key:** Choosing what God is opening before you causes Him to go before you to leave help along the path. He comes behind you as a rearguard so you stay on the path when it becomes difficult.

Goodness really looks like this. God is Sovereign but He presents a choice to us. You choose. When you choose all of sudden He starts setting help along your path. He goes before you to start clearing out a path and He starts setting help all along your path. It is already in place once you make your choice. Then He comes as a rearguard behind you and presses up against you with His Glory so you cannot back up because the path gets a little rocky sometimes.

We were in Germany. One night when our vehicles picked the team up, the navigation system went out in both vehicles. Now this was from Stuttgart and I said, "Well Lord, I got enough understanding to know You are saying something to us." What should have taken 3 minutes was already up to 30 minutes. They were just driving around. We were off in some back places and some dark places. We were on a dark road and I started saying, "Now Lord, You know how to get us to our next place because I have chosen to be here because You told me to be. You have not asked me to come here and to ride around Tubingen all night."

All of a sudden, the driver of the vehicle stopped and John Prince who was in the front seat rolled his window down to ask somebody that was riding a bike on the dark road that we were on if he have any idea of where we were to go. He rolled the window down and this guy said, "Are you John Price?" Yeah, I felt the same way. He said, "I am from Romania and I heard you speak in Romania and you did the Tarzan yell. I will never forget that in a church." This guy was on this dark back road.

Now that is what it looks like when you choose goodness. Already He has it placed on the road and the guy said, "You have to go back out." He told us exactly where to go.

Now this is what I want to end with this morning.

It is the choices ahead that we see - women have had to choose for us to advance to the place where we are today, the right time. Everybody say the right time.

SARAH, THE FIRST WOMAN OF FAITH

Now let me start because Sarah is the first woman in Hebrews, the first woman of faith. You know what it says was she made a choice. Quit laughing and believe or keep laughing and not believe.

 **Key:** The first step to seeing a promise fulfilled is to believe what He has said will come to pass.

Now hear me. Sarah was a godly woman, but the closer it got to what God wanted to do in her life and the older she got the more she laughed. And she had to finally make a choice, "Do I keep laughing at what God is saying, or do I enter into faith over what God is saying?" And when *she entered into faith* the word came to her, "Within a year you will have a son."

In Hebrews it says Sarah was able to conceive. That means all of a sudden when she made a right choice her body came alive, got hot, passion got renewed and all of a sudden she was able to birth something when she was 90 years old. Look at somebody next to you and say, "You are not too old to do this." This qualifies every one of you in here and most of you on the web. But you have to quit laughing at what you think is too hard to happen and you have to choose to agree with God.

MIRIAM

I look at Miriam, amazing woman. She was part of an apostolic team with Moses and Aaron. She was prophetic. She was a prophetess. Remember when they crossed over, she danced violently. She led the whole army in dancing, but then, she came to a place and she complained. You find this in Numbers 12.

God loved that woman so much and all of her moaning and complaining. There are other words for that. I always say I know people who have an A switch and a B switch. And in the midst of it, He loved her so much that He stopped the whole movement until she broke out of complaining and began to repent. She did not want to just listen apostolically. She wanted to do whatever – “Well, is Moses the only one that can hear God?” And He loved that woman so much, He stopped the whole movement. She got leprosy and He stopped the whole thing because of her complaining because *complaining is sin*. Leprosy represents sin. Look at somebody and say, “Uh oh.” Now that all happened, He stopped the movement for 7 days to heal her and get her back into the movement ahead.

 **Key:** God will stop all forward movement until key people get in alignment and walk away from complaining.

Now hear me women, God is - and men here because that included men and women in the movement - I do not think there is just a women’s movement. I think there is a women apostolic strength that leads us and I think men have to know how to submit to that anointing. I do not care who is anointed. I am going with the most anointed.

This story of Miriam shows you He will stop a whole movement until certain people get in line.

Now Lord, we decree right now, *there will be no complaining in the days ahead and we will accelerate in this movement. We will hear apostolically and accelerate.* You have to choose, do you dance or do you complain? Are you going to dance at every place we cross over? Are you going to complain because our crossover is being delayed?

RAHAB

Rahab. An awesome woman, I mean a real woman. She is the gateway to the promise.

 **Key:** See yourself as a gateway to the promise at hand.

Now women, see yourself as a gateway to the promise, instead of just trying to pray, pray, pray, pray until the promise comes. **You are a gateway to the promise.** Remember, they could not get in without her. She chose to be this gateway against her entire city. From that choice, God honored her and her family and put her in the lineage of redemption for all of us.

I am going to say that again. You might think you come from a lily white pure bloodline, yet, Rahab was in your lineage for redemption *because she chose*. You need to watch this year who God puts in your path, there to get you through the gate but some of you right now are becoming gates. You’re becoming gates. Now that becomes important.

 **Key:** Watch this year to see who God puts in your path as a gate that could cause *you* to become a gate for other things.

There are going to be a lot of unconventional, redemptive acts that start restoring our losses. I look back over 8 years in America and how a lot went astray, but God can start restoring that - really it has been about 40 years. I go back to the Vietnam era and the wounding that it cost America. Yet God can redeem time and He can restore loss. Everybody say, "Restore loss."

 **Key:** Watch for unconventional, redemptive acts that begin processes of restoration.

One of the ways you see God's love is through restoration. It becomes very important that you move in restorative moments.

THE SHUNAMMITE WOMAN

Remember with the Shunammite woman that Elisha stayed with - she was a rich woman. She did not have any needs except she did not have her future. She could not have a baby and she got pregnant because Elisha decreed it. The prophet decreed it.

Seven years later the child died. She was in grief but her only question was why did you unlock this and prophesy it if it was not going to go into the future? Elisha loved this woman and he took the child up to his room. He laid on the boy and breathed into the child. The child sneezed 7 times and came alive. That is not what I want to say to you, but that was key. All of a sudden she had her future back. Her husband was not her future, he was old. We all grow older. All of sudden you are in time and you are not causing the future to happen.

All of a sudden she has this child back. Then Elisha comes back to her and says, "There is going to be a drought. 7 hard years are ahead. Let go of all that you have and go down and live with the Philistines."

Now, how many of us, I mean Kathy was begging us to let go of the million dollars. How many of us can let go of everything and obey the word of God like that? She let go of everything. She went down to the Philistines and lived with the crazy Philistines. That is where God told her to go.

 **Key:** Sometimes your enemies provide for you in times of trouble.

Sometimes your enemies provide for you. At the end of 7 years, she goes back the drought is over. She ends up back in the king's palace because they have to come back in to get back in to the place she lived. Gehazi, Elisha's servant is with the king and the king is saying, "Tell me the testimonies of Elisha." Gehazi starts telling the king and he turns around and says, "Where is the woman and her son that died 7 years ago. He is 14 years old now." That is the testimony. And all of a sudden, the king says, "Give her back everything she gave up, plus all the interest of what it would have provided for the last 7 years."

That is what it means to be at the right time, at the right place. Look at somebody and tell them I am entering into this someday this year.

 **Key:** This year, being at the right place at the right time will cause something to shift supernaturally for you.

Now hear me say this, this is a supernatural, prophetic charge, you have to be at the right time, at the right place some times this year and all of a sudden something's going to happen supernaturally for you. You cannot figure it out. You are just going to be there. You are going to say, "I am not sure why I

am here,” and all of a sudden you will see that something shifts because you are at the right place at the right time.

 **Key:** Be willing to position yourself for the greater thing by letting go of what is already in your hand.

The Shunammite woman chose to let go of what she had so she could position herself and trust that a greater recovery would come.

This is all about a choosing issue. She *chose* to go to the Philistines. She did not have to. She could have stayed there and her child may have died again. She gave up *everything* that was her child’s inheritance, went where God told her, and then got it back 7 times over.

Now hear me, God is doing something. It is amazing what He is doing.

MARY, THE MOTHER OF JESUS

And then there’s Mary in Luke 1. Just think about it. She is not married. She is young. She has a good lineage. She is engaged. All of sudden the angel Gabriel shows up and tells her that she is going to birth the future redemptive plan for the earth realm.

I love this woman. I see why she would easily be worshipped, however we cannot worship Mary. She was simply a woman who chose. Then all of a sudden, the Bible says that the Holy Spirit overshadowed her. I am here to tell you, you are going to know how to choose because Holy Spirit is going to overshadow you.

 **Key:** Complacency makes us become familiar with our environment and we miss the overshadowing power of Holy Spirit.

Holy Spirit is going to start overshadowing you and entire territories this year. Mary chose to allow the hovering power of Holy Spirit to do its work. This overshadowing turned her life upside down. It turned our lives upside down. It liberated us.

THE WOMAN AT THE WELL

Here are the two ladies in the New Testament that I want to end with.

One is an incredible apostle that changed much of the lands of Europe. She is the woman at the well. (John 4) Her name was Photine. Look at somebody and say, “I am going to watch for those Photines.”

You think Rahab has a story, Photine really had a story. She would go to the well every day at a certain time because she could not go to the well when the other women went.

Hear what I am saying because I am speaking prophetically to you. You are going to start pulling people, women into this movement who could not ‘go to the well when other women went to the well.’ That can be for various reasons.

I love how the Lord said, “I must go to Samaria.” Now this is going to be part of your prophetic word at the end. I just feel it. “I have to go to Samaria.”

He gets to Samaria and He had to go to this well because it was the well that was linked into the whole covenant lineage that He had. *Religion and division was stopping people from unlocking that well.* He gets to the well and this is the first thing He does, He sends His disciples away because they are all too religious for what is about to happen.

First of all, He is going to run into a woman – the Lord already knows what is ahead. He is going to run into a woman and she is going to be a real woman with a real background. She is going to be a Samaritan and He just knows the little church group of boys that He is trying to work with cannot take this meeting.

He says to the disciples, “Why don’t you all leave and go get us something to eat.” They were way too religious to handle this encounter. Are you aware of that? He sends them away and all of a sudden there is this encounter.

She dropped her pot when she finally recognized who He was and ran and told the entire city that this man at the well knows everything about her. And that means He knew everything about them. Maybe she said, “Since He already knows what we are all doing, we might as well go out and meet Him.” And once they all met Him, she was so revolutionized and He told her what true worship looks like.

He said, “Worship is not just understanding the Word of God. Worship is where Spirit and truth begin to touch and kiss.” That is worship. Worship is not about who you are. Worship is not about whether you are Samaritan or Jew. Worship is about whether you allow that dynamic of alignment to occur in you.

All of a sudden she starts leading the whole city to the Lord and then she leads half of Europe to the Lord. Now hear what I’m saying, and Africa, hear what I am saying to you. We are in for some wild encounters this year.

 **Key:** We will experience encounters that will shift nations.

THE WOMAN CAUGHT IN ADULTERY.

You know that story. The Lord dealt with them from young to old. He drew a line and I think He said this, “If you want to play with the law, we will play by the law.” Because they said, “Moses tells us we must go and stone her.” Jesus could not go against the law. Jesus never went against the law. He knew how to bring them into a higher law called love and grace. He said, “Well, we can play by the law. Let Me draw this line and let Me start writing how each one of you know this woman. We can play by the law if you want or we can go to a higher law called love.” They all backed off one by one the Bible says.

Then, He looked at her and said, “Go and sin no more.” And you know what happened there, she became His disciple who was able to recognize Him first. She was the one who announced to the disciples, “He is alive” and they would not believe her. He even asked them, “Wouldn’t you hate the Lord to show up and ask, ‘why didn’t you believe the woman when she told you that I was alive.’” Wouldn’t you hate that?

Now let me stop and say this. Women there are many things you have said in the past that you were not listened to about. The day is changing. You're going to start being listened to so speak up again, in Jesus' Name.

 **Key:** This is a time when women will speak and be heard.

And then finally what I am doing every place I go because the Lord told me, He said decree this new watchmen move is beginning.

AGLOW: GOING BEYOND WHERE WE HAVE BEEN

I see Aglow going into a place *beyond* where they have been.

All 3 scriptures that were used at the end of the worship service: Isaiah 6, Revelation 4, and Revelation 21 – those are the scriptures where there is a moment that everybody has to go beyond where they were.

Isaiah had prophesied before, but all of a sudden, something happened in the government. Uzziah died and it changed Isaiah's life. From that day forward he prophesied from the place of having seen and understood something he never had experienced before. (Isaiah 6)

John saw the 7 churches in Revelation 4. The Lord told him about the main 7 churches of the region. Then, John heard a Voice saying, "Come up here. Let Me show you what is going to happen in the future."

AGLOW IS A TABERNACLE FOR THE GLORY OF GOD

Look at somebody and say, "That is us." We have had dimensions of Glory in the tabernacle, but we have not experienced the Glory that is coming. And you are a tabernacle.

THE WISE WOMAN OF ABEL

This last woman is in 2 Samuel 20. Let me tell you about her. She is one of my favorites.

There is a rebellion worse than Absalom against the king. You know you have Absalom's, Jezebel's, Athaliah's. You have people that rise up in rebellion and this one is Sheba. He is worse than Absalom. During his rebellion, he runs away to hide in a city. When he gets in this city and all of the armies are coming to try and find Sheba. The people begin to cry out about the situation of their city.

Now I can stop and give you a lot of commentary about how we let things into our cities that do not belong there. And there comes a time where God holds us responsible for what is in the city.

 **Key:** Aglow has discernment and we will begin to rise up and say to those in charge, we have something to say, and they will listen.

This wise woman cried out from city in verse 16, "Hear, hear! "Tell Joab come near by and let me speak to him."

This is how I see the apostolic women of the future rising up. You have discernment. You know what has entered in to your portion that should not be there. And this year, you are going to start rising up and say, "I need an ear to talk about this."

Joab comes over and he says to the wise woman, “I am here and I am listening.” And she spoke and said, “They used to talk in former times saying they shall surely seek guidance in Abel and so they would end disputes. I am a peaceable and faithful woman.”

I decree a new level of peace and the demonstration of faith to start resting on the women of the body of Christ.

🔑 **Key:** Expect a new level of peace that comes with a demonstration of faith to rest upon you in your city, states, and nations that restores the inheritance of that territory.

She said, “Because I have that testimony, why would I allow something like this to swallow up the inheritance of this city? I will deliver this man you seek.” She started rallying the city. She went around to all the people and rallied the city. She said, “We are going to deliver this man who will bring a curse on this city and swallow up our inheritance for the future to Joab. We are going to deliver his head to so his headship does not end up ruling our city.”

🔑 **Key:** If ever there is a word for women in America it is this: **There must be a movement to rally cities and states so that the enemies that have entered the border are handed over to those that can remove their headship in the future.**

This was a wise woman, a very interesting, wise woman. She rallied the whole city - the men and the city.

🔑 **Key:** Women I am telling you, you are being called to redeem time and you are going to have to be wise.

🔑 **Key:** There is a wisdom coming down on us that will dismantle demons.

Get ready! You are being shifted into your year ahead. Look at somebody and say, “It is the right time. It is our year ahead. It doesn’t matter if you’re 90, you are still going to be used. It is the right time.”

Now let’s stand up. I am going to ask Dutch and Graham if they would come up with me. This is the mantle we had made for this year and I brought it to Jane. And Dan, you come up also. Tony, you come stand with Jane.

We have to put on our choices. Now hear what I am saying. It is not just choosing. It is wearing it - wearing what you choose for the future. Wearing the identity of your choice.

As we poured this mantle, the colors began to look like a river of wine pouring out. And then the wineskin. Once the river of wine poured out, the new wineskin began to move with the new wine.

Now I am here to tell you, **the new has begun.**

Tony, you stand next to her. Now extend your hands because she represents a portion of all of us. She is the identity that represents us apostolically.

PROPHETIC WORD

And the Lord would say,

- » This is the beginning of a **new outpouring** in this ministry. It is going to pour out. Do not despise the **pressing out** that is about to come, for it will create the pouring out.

- » This will be a year that I enter this ministry into **re-visitation**. Not just a visitation, but a re-visitation of what you have accomplished.

Revisit places where you have prayed in the past.

- » You will go back to places you have sent teams and prayed and I will be there waiting on you.
- » And as you go back to these places, what was prayed in one season, I will pour out in this season.
- » I say outline your movements from the past.
- » Watch as I raise up the teams to re-visit the places where I will be waiting when they re-visit.
- » **That will cause the outpouring of what is being held in Heaven to come into the earth.**

Revisit your promises.

- » **Re-visit the times you have asked Me to do things**, for when you re-visit them, I will be waiting to pour out the visitation of your re-visitation.
- » **This is the beginning of bringing back that which got caught through wilderness times and pouring it out now in the right time.**
- » The **re-visitation** for Aglow International has begun and **this will produce an outpouring that will unlock and cause an overflowing that has not been seen before.**

Let's thank God for what He is going to do. Now put your hand on someone next to you and tell them, "Re-visit your promise. Re-visit your prayer journeys. Re-visit."

And then Dutch bent over and said something to me. He said, "They must be light-footed because they are going to have to move quickly when God gives them an assignment. They are not going to be able to plan, plan, plan, plan. They are going to have to hear."

God is saying this today and we are going to have to mobilize it. And I say **when you start doing that, He will pour the finances out for the mobilization**. Tell somebody, "The provision is already there. He is already waiting if you choose."

JANE HANSEN HOYT

This is maybe a silly little thing to say, but here it is in November and I see some people have sandals on but usually you do not wear light-footed things in November. I was just looking at my own feet and thinking what silly shoes to be wearing in the first of November. It is cold and rainy, but I wanted to be in a purposeful way light-footed. Sometimes you do not know why you are doing what you are doing, but the Lord does.

We want to stand in agreement with what has been spoken related to women down through history, but also, lining it up with women today. There is an alignment of this ministry with Heaven. It is earth aligning with Heaven for what Heaven wants to do in this hour.

We agree that there is a new outpouring of Your Spirit on this ministry, that we do not link in or stay stuck in the familiar - what is past, what is known, what is usual. It is a new day and it is a new way and it is a light-footed way.

SO we press in, every one of you, those who are officers in the ministry, those who are participants, it is all of us. We step into this new way, feeling after the Holy Spirit for where He is leading us, what He would have us do, what He would have us say, where He would have us be, how He would have us look. We are going to have a new look. I do not know what that means but we are going to have a new look.

And even as Chuck was speaking I wrote a note to my friends behind me because of what he was saying about negotiating. Women who had not been listened to - and I am not saying that with any kind of an attitude - I absolutely love men. I do not feel anger or think, "Oh they do not listen to us." I do not feel that way at all, but there is something new happening for them and for us because ultimately it is the man and the woman who will take dominion in the earth in a way we have not seen yet. Something new is coming.

Just to finish the couple lines I mentioned about a negotiating thing. Something happened at Headquarters, not bad, but we were looking at some things. And I said to a couple of my friends that I work with there, "Let's go to the owners of the building - Yeah but we signed a contract. - It does not matter. Let's go talk to them and let's try to re-negotiate some things." It did not make sense, but we were led by the Spirit.

Chuck talked about being overshadowed by the Holy Spirit and led in that way and this a small instance that I am sharing with you that happened just in the last month or so. And I remember sitting across the table from one of the owners, a lovely man, works with the Seahawks, he is man's man, I love that, but he listened. He had an open heart. Long story short, things got re-negotiated.

We need to look for where God is speaking to us and move. If it does not make sense, just trust. Right? It is a new day. There is a new way. It is the way of the Spirit. It is not the old familiar. It is new. It is fresh. It is alive. It is anointed.
