**Why is Israel important?**

**How does Israel directly affect world events?**

**What responsibility toward Israel do we have as believers?**

**What DO YOU know about Israel?**

“Filled with prophetic insight based on solid biblical ground, this manual sheds light on both the ancient and current day issues concerning God’s nation and people.”

– Jane Hansen Hoyt  
President/CEO  
Aglow International

**Are you aware of the current impact our global society has upon Israel and, in turn, how Israel directly effects orld events?  
Can you answer what it means to “stand with Israel?”  
Are you able to effectively explain why Israel has a right to exist?  
Do you know the difference between legitimate criticism and biased judgment of Israel?**

Attend an Aglow International “Watchmen on the Wall” seminar and you can answer “YES!” to these questions.

The Watchmen On The Wall seminar is designed to educate and equip believers by providing them with a Biblical framework for understanding and accurately communicating issues regarding Israel: past and present.

Each of the six workshops in the 2-day seminar present power points are interspersed with captivating video clips that bring to life pertinent information, written by seasoned Christian leaders.

WOW seminars are held in various regions of the U.S. and internationally, according to popular demand. Consider holding a community seminar in your area to inform and educate above and beyond what you already know about Israel. After the seminar, members have an opportunity to collectively intercede for Israel via monthly conference calling, be commissioned as a WOW in Israel, and receive updates and other helpful resources on Israel.
