

CULTIVATING LEADERSHIP FOR TIMES OF CHAOS

DISCUSSION QUESTIONS

1. When Graham defines the current insanity of the world today as our home front battlefields, what battlefields are you seeing in your town? In your nation? List all that the Holy Spirit highlights to you.
2. God has placed us in the very places where we live. (Acts 17:26) How are you and those in your Aglow group making a stand in the battlefields in your community?
3. How are you training those in your Aglow group to stand as a light and a beacon of hope filled with courage in the midst of darkness? The first way is through salvation. Then the infilling of the Holy Spirit with the evidence of speaking in tongues. Next is the intentional processing of the *Game* and *LifeChanger* materials. How are you integrating these equipping and building truths amongst those you oversee?
4. Have you risen in your identity to see that God has placed YOU as an overseer, a watchmen, a builder of leaders in your community? His Presence is what defines you. Your relationship with Him must go to a new place of intimacy. How will you be intentional in preparing yourself to lead and instruct those in your Aglow group?

5. We started *GameChangers* with a small group of people in the United States in the summer of 2013. This was our beginning place of training and equipping a new type of leader that is needed for end time battles raging in our communities. The truths of *GameChangers* are designed to change you from the inside out. It is tangible change. You will know it for yourself and others will see it happening in you. Once it begins in you, you can turn and help others find the way. We are serious about this changing the face of Aglow as we have known it in the world. How has *GameChangers* and *LifeChangers* changed the way you think? The way you see? The way you speak? The way you walk in life's situations?

6. In the first 50 years of Aglow, we were built on a church model. We had announcements. We had worship. We had a message. We had ministry time. And all along, God has been building into us, the apostolic model, a Kingdom model that would be available for service in the end times. He gave us 3 key mandates. He has alerted us to the craftiness of the enemy. He has identified us as ones who exposed ALL the plans of the enemy. So, our mission in Aglow is still two pronged. We still believe in prayer and evangelism for the lost in our community. Our groups have become rich training stations to equip people not only to stand, but to fight and subdue darkness. How is your group awakening and becoming more intentional as an apostolic movement endued with power from on high?

7. We are no longer praying for God to do something, because He has placed us with intention right in the middle of troubled places as His answer. How are you moving from asking God for help to actually being the help He has sent?

8. Formerly our Aglow groups centered on blessing people. While there was nothing wrong with that, the time and focus has changed. God sent us 3 mandates and He sent us a building prophet in Graham Cooke. Combined together, that is huge! God has poured into us Kingdom truths that have built us into people who are able to stand amidst end time battles and take charge, ruling with His dominion and authority. In what ways do you see that you need personal training? In what ways do you see that your group needs to arise in their identity? In what ways do you see that you must change the focus of your meeting from a blessing meeting to a building meeting that produces warriors and champions?

9. What if the reason we have not been able to find leaders is that we haven't been pouring into our attendees the identity messages so that our people see their potential and begin to rise in their identity? How will you begin to use the materials that are available on the Aglow website in your meetings to build a new breed of leader?

10. What does having a majesty mindset look like to you?

11. Back in question #1, you identified the battlefields in your area. How is war currently being waged? How can you change the way the war is playing out so that you are not following the enemy's battle plan, but that he is following yours?

12. How are you hearing God reveal to you that He has chosen you for this time? What have you been learning that has caused you to see that with God, you are in the majority? Tell us who God has promised to be for you in every situation you face.

13. As you have listened to the urgency of Graham's message to leaders in Aglow, can you see that all that you are doing must rise to a new height so that each speaker, each song, each event is building into people the type of leader that is needed to stand and bring miracles that are needed in their area of influence? How are you going to become more intentional at the grassroots level of Aglow? In the Area level? At State levels? At Regional levels? At National levels?

14. In a prophetic message in 2008, this was said, “The Father has a dream....on earth as it is in Heaven. He has a dream of millions upon millions upon millions of people set free. He has a dream about churches being vibrant communities being full of worship, full of power, full of outrageous things going on. Full of laughter and love. He has a dream where people come together to have encounters together with Him. He has a dream where His word is written on people’s heart and not memorized in their head. He has a dream about church that it is powerful, it is beautiful, and it is dreadful to the enemy. He has a dream and a passion about a bunch of people in the earth so radically affected by Him that they are totally vulnerable and susceptible to Heaven. He has a dream about a community of people in the earth that are just like Him....unchangeable, unshakeable, unstoppable. He has a dream that people are living in Ephesians 3:20...My God can do all things abundantly above and beyond all that we can ask or think..... These are days when we are being restored to our rightful place.... God is accelerating our development because we are playing catch up..... God needs and requires a company of people who are going to go off the deep end.... He needs a company of people that He can use as a visual aid to the earth. He is looking for a prototype.... God has been changing the order by which we know Him and by which we function with Him in gifting....the old way of doing Aglow is going into the ground and the new way of Aglow is coming into vision..... new life has been forming. You are carrying something new in the Spirit. Something that has never been seen in the world of the church. Something that has never been felt in this magnitude in the Kingdom..... the anointing and the vision of Aglow has changed forever. It is important of you to feel the weight of something deeper and more powerful. The spirit and the power of Elijah will be seen in this movement in a huge way. You are a prototype company that God is releasing. You are His visual aid in what is coming next. You are pioneers. Ancient levels of power are opening up in a new way... And with this new Beloved comes a power beyond imagining. There is a fresh wind blowing in this movement. There is an open Heaven now over Aglow. The ancient paths are opening up to you. A new level has been bestowed upon you. Ancient anointings are being released again. The warrior spirit of Moses, Joshua, and Caleb is rising up in the midst. The spirit of worship and royalty on David is being released again into the earth. The wisdom of Daniel is going to come back. The anointing of Esther. The ancient voices of the prophets. The revelations of Paul.....all being restored. Ancient paths being restored. As Heaven opens, your war chest will get bigger. And the Lord will release resources that are compatible with your favor. It is a Kingdom budget. Aglow is moving with a greater alignment with the Holy Spirit’s intentionality. We are telling the earth that the ruler of this world has been judged. We are going to bring judgment to the enemy. We are going to crush his head. That is an ancient promise over women.”

Prophetic words are our history written in advance. From the moment the word was given, all that it said became part of our identity. This is who we really are. Let this soak in. Receive the fullness of it. It is who you are in the earth. Read through it slowly often until you begin to step into the fullness of this identity.
