

20 Keys - The Power of God's Creativity Through His People

Ray Hughes

2011 Conference: The Sounds from the Nations - Saturday AM

- ☞ **KEY:** God created us to be creative.
- ☞ **KEY:** We have a mandate upon our lives actually to preach to all of creation, and activate it, and come into agreement with the intercession and the groans and the moans of all creation that is setting things in order for such a time as God's Glory will be seen in all of those nations that did not exist back then – in Genesis 1.
- ☞ **KEY:** Any time man becomes more position oriented than he is Presence of God oriented, there is going to be a breach.
- ☞ **KEY:** We are created as an image bearing, worshipping force to invade the nations of the earth and redeem the sound back to a place of worship, back unto the Throne of God.
- ☞ **KEY:** What you value, you can access.
- ☞ **KEY:** God looks for a people who will access His Glory, His Power, and see even greater things done
- ☞ **KEY:** God's creativity through us now is a partnership.
- ☞ **KEY:** We have a part to play through intercession and proclamation to help activate Israel in releasing their song to the Lord.
- ☞ **KEY:** When we value what God has done, we will see what God will do.
- ☞ **KEY:** As we go about our business, we are called to carry and release the Presence of God as we sing of His Goodness
- ☞ **KEY:** As we activate creativity, creation, and worship in our lives, harvest happens.
- ☞ **KEY:** We are a people raised up for this time who is not afraid of the sound that is being released through us.
- ☞ **KEY:** We are a redemptive people who will redeem nations because we are Presence oriented.

- ☞ **KEY:** We are to create environments in culture that God will inhabit so He can demonstrate who He really is.
- ☞ **KEY:** Worship is pivotal to our destiny.
- ☞ **KEY:** Those who move in the fullness of their creative destiny shape nations.
- ☞ **KEY:** When a tumultuous noise is being made against the people of God, worship is the beginning of a new strategy to restore a generation.
- ☞ **KEY:** When we start to come into agreement with those lyrics and those songs and those sounds of the Biblical understanding of music, we become the culture shapers in our day.
- ☞ **KEY:** Because creativity is a process, God is always looking for a worshipper to partner with.
- ☞ **KEY:** One generation will open the way for the next generation.
